Structure of GCU Education and Psychology Part of Program:

EDUCATION: The Georgian Court elementary inclusive teacher education program prepares candidates to instruct students in grades kindergarten through six. Candidates gain the knowledge, skills, and dispositions to

apply content knowledge, create effective learning environments, plan instruction, and assess student learning. The program includes clinical experience in special education and two consecutive semesters of clinical practice (first semester includes 175 hours and second semester of clinical practice is full-time. This second semester includes an evening seminar course that meets only on the Lakewood campus). Students must maintain a minimum GPA of 3.0 to continue in the program. Exiting requirements include successful completion of a Taskstream portfolio and the NJDOE edTPA Performance Assessment.

PSYCHOLOGY: At Hazlet, Georgian Court offers a generalist B.A. in Psychology. This degree prepares students for employment in an entry-level mental health or human services setting, as well as for a variety of other occupations, including teaching, business and human services. It is also recommended for students interested in pursuing graduate study in fields such as counseling or in applied areas (e.g. clinical, school, and/or counseling psychology).

Ten courses from required areas comprise 30 of the 36 credits needed for the psychology major. The other six credits are electives. Two courses form the foundation for the major: Introductory Psychology (=Brookdale's PSYC105 or 106) and Intermediate Issues in Psychology.

Students take 21 of the 36 psychology credits as GCU Psychology courses at Hazlet: Intermediate Issues in Psychology, Biological Psychology, Introduction to Applied Behavior Analysis, Psychology of Learning, Statistics for the Behavioral Sciences, Cognitive Psychology, and Senior Seminar. The remaining 15 credits needed for the psychology major are these Brookdale courses or their equivalent: PSYC105 or 106, 206, 217, 218, and 247. In addition, it is recommended that students take other GCU elective courses in Psychology or other fields.

Structure of Rest of the GCU Part of the Program:

Graduates of an accredited New Jersey community college who have earned an associate degree with a cumulative GPA of at least 2.0 and have completed the general education requirements established in the statewide agreement will transfer those general education credits in full to satisfy a minimum of 45 (A.A.), 30 (A.S.), or 20 (other associate degree) credits of the Georgian Court General Education Requirements. Only courses in which a grade of "C" or higher has been achieved are eligible for transfer. Courses transferred as part of the community college's general education program that have Georgian Court University general education equivalents will be transferred as those equivalent courses. Other general education courses required by the community college will be transferred as general education electives. If an equivalency is not transferred, all four of the following general education requirements must be fulfilled: a designated Religious Studies course, a designated Women and Gender Studies course (BCC's HUMN129 fulfills the requirement), a designated Ethics course (BCC's PHIL227 fulfills the requirement), and the Capstone course (GEN400). The GCU Experiential Learning requirement may be fulfilled as follows: 1) GEN400, which includes a service learning project completed, and 2) a clinical practice experience (ED4214 or ED4304).

Tuition:

\$564/credit for 2021-2022. No general fees are charged.

Degree FAQ:

How many credits can I transfer to this program?

Georgian Court University will accept all Brookdale courses listed as requirements on the Hazlet Psychology/Elementary Education degree plan plus Brookdale requirements that are not part of the degree plan [e.g., Oral Communications course]. Remaining required course work must be completed through Georgian Court. Georgian Court will accept up to 75 credits from Brookdale or other community colleges. Up to 15 additional credits will be accepted from 4-year institutions. At least 30 credits must be earned at Georgian Court, including at least 21 credits in the Psychology major. Please note that because all education programs include a liberal art/science major and an education major, additional Brookdale course work beyond the associate's degree is required.

How many credits are required?

Typically, students will earn a minimum of 120 credits to meet requirements for the BA in Psychology with Teacher Certification.

Can I attend courses at the Lakewood campus as well?

Yes, if the courses are approved by your advisor. Some restrictions apply. Please consult the policy entitled "Students taking courses at an enrollment location other than their own" in the GCU catalog at <http://georgian.edu/publications/>.
